

XI Conference of Young Scientists "Problems of Theoretical Physics"

Tuesday 22 December 2020

Statistical Theory of Many-body Systems (16:45-18:30)

| time | [id] title | presenter |
|-------|---|--------------------------|
| 16:45 | [52] Dynamics of micro-organisms controlled by liquid crystals | Prof. LAVRENTOVICH, Oleg |
| 17:30 | [11] Compressibility and compactivity of bi-dispersive many-particle conglomerations (liquid and granular mixtures) | Mr SPIVAK, Andrii |
| 17:50 | [42] On relaxation processes in plasma | HRINISHIN, Oleh |
