

XII Conference of Young Scientists "Problems of Theoretical Physics"

Tuesday 21 December 2021

Statistical Theory of Many-body Systems (11:10-12:30)

| time | [id] title | presenter |
|-------|--|------------------------|
| 11:10 | [20] Propagation processes of correlations in the system of hard spheres | GAPYAK, Igor |
| 11:30 | [6] Wave diagnostics of inhomogeneous inclusions in low-dimensional quasi-periodic structures | Ms SIDLETSKA, Liudmyla |
| 11:50 | [21] Long-range hops in a two-species reaction-diffusion system: renormalization group and numerical simulations | Mr SHAPOVAL, Dmytro |
| 12:10 | [9] Pseudopotential method for description of positron annihilation in spherically symmetric potential | VORONA, Marina |
